FOREWORD

This book is the effort of a lot of people that have taken their time to record the cemeteries in Boone County.

Much of the information contained in this volume was added and is not on the cemetery marker, if there is one. Extra information was gathered from various sources, including the people who recorded the cemetery.

An example of added information - suppose you are searching for your great great grandfather, John Smith, born about 1802. The grave may be marked by a fieldstone with the initials J.S., however, in this book you will find John Smith in the Allen Cemetery, born 24 June 1802 and died 15 Dec 1856. This extra information was added to assist you, the researcher. No effort was made to designate the source of this information.

Additions and/or corrections to these records will be appreciated. Please mail to B.C.G.S., P.O. Box 306, Madison, WV 25130.
